CAPABILITY STATEMENT

building  Victoria

## ABOUT JOINTLY

---

We are a Victorian based Commercial Builder with an experienced and energetic team of Project Managers, Site Supervisors and Carpenters. We pride ourselves on being responsible, fair and ethical in everything that we do.

### Established

Having formed in 2012, our business has successfully delivered hundreds of projects, for many happy and repeat clients.

### Hands On

With building in our DNA, you will commonly find our entire team out on site, ensuring deadlines are met and every last detail is perfected.

### Cutting Edge

We are passionate about systems and how they can assist the end product, which is why we deploy state of the art software and technology on every job we manage no matter how big or small.

# our locations

## CAPABILITIES

---

We are a talented team committed to delivering projects the right way. We care about our clients and bring a sense of fairness to all decision making.

### PROJECT TYPES

We are experienced in construction of all types and are happy to facilitate the needs of any client.

### LOCATIONS

We have bases all over the state and have completed projects in the furthest reaches.

### PROJECT VALUES

Our Minor Works division focuses on projects from \$100k to \$2m.

### PROJECT DESIGN + ENGAGEMENT

We have a wealth of experience in all types of engagement; Lump Sum, Design & Construct and Early Contractor Involvement (ECI).

## SECTORS

---

Over the years we have worked hard to ensure that we are experienced commercial builders in a wide range of sectors, combined with the varied experiences of our team, we have all the bases covered.

**We specialise in:**

[HOSPITALITY](#)

[HEALTH](#)

[EDUCATION](#)

[RETAIL](#)

[OFFICE](#)

[GOVERNMENT](#)

# jointly.

Many great clients, architects, designers and organisations have got us to where we are today. This is just a few.

## OUR PEOPLE

---

Our people are the best part about what we do! We are very proud of our team, their high-level skills, their commitment to each-other and to all of our clients.

Meet the team

## REGIONAL CAPABILITIES

---

Jointly projects are popping up all over Victoria, with our regional capabilities advancing, thanks to our two regional offices in Mildura and Shepparton – along with Site Supervisors located all over the State. We are supremely confident with operating anywhere in the Victoria, with 60+ completed projects to back that up!

## MILDURA DIVISON

We have an efficient and capable Mildura division, which combines our inhouse capabilities and close relationships with local trades to deliver projects in a professional manner.

## OUR TECH ADVANTAGE

We are a young, modern business with advanced technologies at the heart of everything we do. We employ leading-edge systems integrations to seamlessly manage operational efficiencies from our worksites through to our office and operations.

### PROCORE + MATTERPORT®

We are taking on new technologies to lead the way in our industry, utilising tech such as **Matterport® 3D Scanning** which offers our clients multiple high-end benefits.

Matterport® 3D Scanning scans spaces with laser accuracy to generate 3D walkthroughs, dollhouse views and site measurements.

#### Benefits

- Reduce the travel requirements for projects groups.
- Take mm accurate measurements from scans.
- Document existing conditions
- Capture hidden services locations.
- Integrates with Procore.
- Generates floorplans

### ROBOTIC TOTAL STATION

Leica Geosystems' iCON iCR70 is a Robotic Total Station for millimeter-perfect site set outs.

- Layout lines for footings and formwork
- Mark points for inserts or cut-outs before concrete pours
- Automate layouts for floor, ceiling, and wall penetrations

Designed for one-person operation, it boosts productivity by 80%.

## HEALTH & SAFETY ENVIRONMENTAL QUALITY

Compliance is front of mind in what we do at Jointly – with annually audited management systems for the following:

- ISO 9001:2015 – Quality Management System
- ISO 14001: Environmental Management System
- ISO 45001:2018 – Health & Safety Management System

We use the following cutting edge online platforms to manage the systems from a day to day site level:
